A Prospectus Supplement may include other specific terms pertaining to the Securities that are not precluded by the parameters described in this Prospectus.

This Prospectus does not qualify for the issuance of Debt Securities in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to one or more underlying interests including, for example, an equity or debt security, a statistical measure of economic or financial performance including, but not limited to, any currency, consumer price or mortgage index, or the price or value of one or more commodities, indices or other items, or any other item or formula, or any combination or basket of the foregoing items. For greater certainty, this Prospectus may qualify for the issuance of Debt Securities in respect of which the payment of principal and/or interest may be determined, in whole or in part, by reference to published rates of a central banking authority or one or more financial institutions, such as a prime rate or bankers' acceptance rate, or to recognized market benchmark interest rates such as LIBOR, EURIBOR or a U.S. Federal funds rate.

This Prospectus does not qualify for the issuance of Share Purchase Contracts which would constitute derivatives or hybrid products subject to derivative legislation in Canada, including the *Derivatives Act* (Québec).

All information permitted under applicable securities laws to be omitted from this Prospectus will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus. Each Prospectus Supplement will be deemed to be incorporated by reference into this Prospectus for the purposes of securities legislation as of the date of such Prospectus Supplement but only for the purposes of the distribution of the Securities to which the Prospectus Supplement pertains. iA Financial Corporation's head and registered office is located at 1080 Grande Allée West, Québec City, Québec, G1S 1C7. The Securities may be sold through underwriters or dealers, by iA Financial Corporation directly pursuant to applicable statutory exemptions, or through agents designated by iA Financial Corporation from time to time. The applicable Prospectus Supplement will identify each underwriter, dealer or agent, as the case may be, engaged in connection with the offering and sale of those Securities, and will also set forth the terms of the offering of such Securities including the net proceeds to iA Financial Corporation and, to the extent applicable, any fees payable to the underwriters, dealers or agents. No underwriter or dealer in Canada has been involved in the preparation of this Prospectus or performed any review of the contents of this Prospectus.

In connection with any underwritten offering of Securities, the underwriters may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time. See "Plan of Distribution".

In compliance with applicable Canadian securities laws, iA Financial Corporation delivered an undertaking to the applicable securities regulatory authorities that iA Financial Corporation will not distribute any Securities that are considered novel specified derivatives or asset-backed securities (as such terms are defined under applicable Canadian securities laws) at the time of distribution without pre-clearing with the applicable securities regulatory authorities the disclosure contained in the Prospectus Supplements pertaining to such Securities in accordance with applicable Canadian securities laws.

NON-IFRS FINANCIAL INFORMATION

iA Financial Corporation reports its financial results and statements in accordance with International Financial Reporting Standards ("IFRS"). It also publishes certain financial measures that are not based on IFRS ("non-IFRS"). A financial measure is considered a non-IFRS measure for Canadian securities law purposes if it is presented other than in accordance with the generally accepted accounting principles used for iA Financial Corporation's audited financial statements. These non-IFRS financial measures are often accompanied by and reconciled with IFRS financial measures. For certain non-IFRS financial measures, there are no directly comparable amounts under IFRS. iA Financial Corporation believes that these non-IFRS financial measures provide additional information to better understand iA Financial Corporation's financial results and assess its growth and earnings potential, and that they facilitate comparison of the quarterly and full-year results of iA Financial Corporation's ongoing operations. Since non-IFRS financial measures do not have standardized definitions and meaning, they may differ from the non-IFRS financial measures used by other institutions and should not be viewed as an alternative to measures of financial performance determined in accordance with IFRS. iA Financial Corporation strongly encourages investors to review its financial statements and other publicly-filed reports in their entirety and not to rely on any single financial measure.

Non-IFRS financial measures published by iA Financial Corporation include, but are not limited to: return on common shareholders' equity (ROE), core earnings per common share (core EPS), core return on common shareholders' equity (core ROE), sales, net sales, assets under management (AUM), assets under administration (AUA), premium equivalents, deposits, sources of earnings measures (expected profit on in-force, experience gains and losses, strain on sales, changes in assumptions, management actions and income on capital), capital, solvency ratio, interest rate and equity market sensitivities, loan originations, finance receivables and average credit loss rate on car loans.

The analysis of profitability according to the sources of earnings presents sources of income in compliance with the guideline issued by the Office of the Superintendent of Financial Institutions and developed in co-operation with the Canadian Institute of Actuaries. This analysis is intended to be a supplement to the disclosure required by IFRS and to facilitate the understanding of the iA Financial Corporation's financial position by both existing and prospective stakeholders to better form a view as to the quality, potential volatility and sustainability of earnings. It provides an analysis of the difference between actual income and the income that would have been reported had all assumptions at the start of the reporting period materialized during the reporting period. It sets out the following measures: expected profit on in-force business (representing the portion of the consolidated net income on business in force at the start of the reporting period that was expected to be realized based on the achievement of best-estimate assumptions); experience gains and losses (representing gains and losses that are due to differences between the actual experience during the reporting period and the best estimate assumptions at the start of the reporting period); new business strain (representing the point-of-sale impact on net income of writing new business during the period); changes in assumptions, management actions and income on capital (representing the net income earned on the iA Financial Corporation's surplus funds).

Sales is a non-IFRS measure used to assess iA Financial Corporation's ability to generate new business. They are defined as fund entries on new business written during the period. Net premiums, which are part of the revenues presented in the financial statements, include both fund entries from new business written and in-force contracts. Assets under management and administration is a non-IFRS measure used to assess iA Financial Corporation's ability to generate fees, particularly for investment funds and funds under administration. An analysis of revenues by sector is presented in the "Profitability" section of iA Financial Corporation's management's discussion and analysis for the most recent audited consolidated financial statements and iA Financial Corporation's management's discussion and analysis for the most recent unaudited interim condensed consolidated financial statements.

Core earnings per common share is a non-IFRS measure used to better understand the capacity of iA Financial Corporation to generate sustainable earnings. Management's estimate of core earnings per common share excludes: 1) specific items, including but not limited to year-end assumption changes and unusual income tax gains and losses; 2) market gains and losses

related to universal life policies, investment funds (MERs) and the dynamic hedging program for segregated fund guarantees; 3) gains and losses in excess of \$0.04 per share, on a quarterly basis, for strain on Individual Insurance sales, for policyholder experience by business segment (Individual Insurance, Individual Wealth Management, Group Insurance, Group Savings and Retirement, US Operations and iA Auto and Home Insurance), for usual income tax gains and losses and for investment income on capital.

DESCRIPTION OF SHARE CAPITAL

The share capital of iA Financial Corporation consists of (a) an unlimited number of Common Shares without nominal or par value, and (b) an amount of Class A Preferred Shares without nominal or par value, issuable in series, equal to not more than half (½) of the amount of Common Shares that are issued and outstanding at the time of the proposed issuance of such Class A Preferred Shares (the "**Class A Preferred Shares**").

As of February 11, 2019, 107,488,597 Common Shares and no Class A Preferred Shares were issued and outstanding.

This section is a summary of certain rights and restrictions attaching to the Class A Preferred Shares and the Common Shares. This summary is qualified in its entirety by the articles of iA Financial Corporation. The particular terms and provisions of a series of the Class A Preferred Shares offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

Description of the Common Shares

Dividends

Subject to the prior rights of the holders of Class A Preferred Shares and any other shares ranking senior to the Common Shares with respect to the payment of dividends, the holders of Common Shares will be entitled to receive such dividends as may be declared by the Board of Directors out of the sums duly allocated to the payment of shareholder dividends, in such amounts and in such form as the Board of Directors may establish, and all dividends that the Board of Directors may declare on the Common Shares shall be declared and paid in equal amounts per share on all the Common Shares outstanding at the time.

Dissolution

In the event of liquidation, winding-up or dissolution of iA Financial Corporation, whether voluntary or involuntary, or any other distribution of its assets to its shareholders for the precise purpose of winding up its affairs, subject to the prior rights of the holders of Class A Preferred Shares and any other shares ranking senior to the Common Shares with respect to the distribution of property upon liquidation, winding-up or dissolution of iA Financial Corporation, the holders of Common Shares will be entitled to receive the remaining assets of iA Financial Corporation relating to shareholders in an equal amount per share, without any share being entitled to any priority over any other share.

Voting

The holders of Common Shares will be entitled to receive notice of and to attend all meetings of shareholders of iA Financial Corporation and they will have one vote for each Common Share held at every meeting of shareholders of iA Financial Corporation, with the exception of meetings at which only the holders of shares of another class or particular series of iA Financial Corporation are entitled to vote separately as a class or series.

Notice of meeting

The formalities to be observed with respect to the giving of notice of any meeting or adjourned meeting, the quorum required therefor and the conduct thereof will be those required by law and those, if any, specified in the by-laws or resolutions of iA Financial Corporation with respect to meetings of shareholders.

Description of the Class A Preferred Shares

Board of Directors' Authority to Issue in One or More Series

The Board of Directors may issue Class A Preferred Shares in one or more series. Before any shares of a series are issued, the Board of Directors will determine the number of shares comprising the series and, subject to the restrictions set out in the articles of iA Financial Corporation, the designation of and the rights and restrictions attaching to the Class A Preferred Shares of the series. Before any shares of a series are issued, the Board of Directors shall amend the articles so as to indicate therein the number, the designation of and any rights and restrictions determined for such series by the Board of Directors.

Ranking of Class A Preferred Shares

The rights and restrictions attaching to any series of Class A Preferred Shares will not confer any priority on that series over any other series of Class A Preferred Shares in relation to dividends or return of capital.

With respect to the payment of dividends and the distribution of property upon liquidation, winding-up or dissolution of iA Financial Corporation, whether voluntary or involuntary, or any other distribution of the assets of iA Financial Corporation to its shareholders for the precise purpose of winding up its affairs, the Class A Preferred Shares will rank senior to the Common Shares and to any other shares ranking junior to the Class A Preferred Shares.

If any declared or undeclared cumulative dividends, any declared non-cumulative dividends or any amounts payable on account of return of capital are not paid in full on any series of Class A Preferred Shares, such dividends shall be apportioned pro rata among the Class A Preferred Shares of all series based on the amounts that would be payable on the said shares if all

the said dividends were declared and paid in full, and regarding return of capital, based on the amounts that would be payable on account of such return of capital if all the said amounts so payable were paid in full. However, if the property is not sufficient to pay all claims in the aforementioned manner, the claims of the holders of Class A Preferred Shares on account of return of capital shall be paid first and any remaining property shall be applied toward payment of the claims on account of dividends. Additional priority rights may also attach to the Class A Preferred Shares of any series provided that such rights are not incompatible with the rights and restrictions attaching to the Class A Preferred Shares as a class relative to the Common Shares and to any other shares ranking junior to the Class A Preferred Shares, as such rights and restrictions may be determined in relation to such series of Class A Preferred Shares.

Voting

Except as referred to below or as required by law or as set out in the rights and restrictions attaching to a series of Class A Preferred Shares, the holders of Class A Preferred Shares, as a class, will not be entitled to receive notice of, attend or vote at any meetings of shareholders of iA Financial Corporation.

Change with Approval of the Holders of Class A Preferred Shares

The rights and restrictions attaching to the Class A Preferred Shares as a class may only be amended or removed with the approval of the holders of Class A Preferred Shares given as specified below.

Approval of the Holders of Class A Preferred Shares

The approval of the holders of Class A Preferred Shares to amend or remove any rights or restrictions attaching to the Class A Preferred Shares as a class, or in regard to any other matter requiring the consent of the holders of Class A Preferred Shares, may be given in such manner as may then be required by law, provided that such approval be given by resolution passed by an affirmative vote of at least two thirds ($\frac{2}{3}$) of the votes cast at a meeting of the holders of Class A Preferred Shares duly called for such purpose at which meeting the holders of at least one quarter ($\frac{1}{4}$) of the outstanding Class A Preferred Shares were present in person or represented by proxy. If the holders of at least one quarter ($\frac{1}{4}$) of the outstanding Class A Preferred Shares are not in attendance or represented by proxy at such meeting within 30 minutes following the time scheduled for the holding of the meeting, the meeting will be adjourned for at least 15 days and the chairman of the meeting will decide on the time and place for the adjourned meeting. Prior notice of at least seven days will be given in respect of the adjourned meeting. At the adjourned meeting, the holders of Class A Preferred Shares who are present in person or represented by proxy thereat may transact the business for which the meeting was originally called and any resolution passed thereat by an affirmative vote of at least two thirds ($\frac{2}{3}$) of the votes cast will mean that the approval of the holders of Class A Preferred Shares as aforementioned has been given.

The formalities to be observed with respect to the giving of notice and the conduct of any meeting or adjourned meeting will be those specified in the by-laws of iA Financial Corporation or in resolutions of iA Financial Corporation adopted by the Board of Directors with respect to meetings of shareholders or those required by law. On any ballot taken at any meeting of the holders of Class A Preferred Shares as a class, or at any joint meeting of the holders of two or more series of Class A Preferred Shares, each holder of such shares entitled to vote thereat will have one vote for each Class A Preferred Share held.

DESCRIPTION OF DEBT SECURITIES

The following sets forth certain general terms and provisions of the Debt Securities. The particular terms and provisions of Debt Securities offered pursuant to an accompanying Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to such Debt Securities, will be described in such Prospectus Supplement.

The Debt Securities will be direct unsecured obligations of iA Financial Corporation. The Debt Securities will be senior or subordinated indebtedness of iA Financial Corporation as described in the relevant Prospectus Supplement.

The Debt Securities will be issued under one or more indentures (each, a “**Trust Indenture**”), in each case between iA Financial Corporation and a financial institution to which the *Trust and Loan Companies Act* (Canada) applies or a financial institution organized under the laws of any province of Canada and authorized to carry on business as a trustee (each, a “**Trustee**”). The statements made in this Prospectus and in the applicable Prospectus Supplement relating to any Trust

Indenture and the Debt Securities to be issued thereunder are summaries of certain anticipated provisions thereof and do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all provisions of the applicable Trust Indenture.

Each Trust Indenture may provide that Debt Securities may be issued thereunder up to the aggregate principal amount which may be authorized from time to time by iA Financial Corporation. Any Prospectus Supplement for Debt Securities supplementing this Prospectus will contain terms and other information with respect to the Debt Securities being offered thereby, which may include the following:

- (i) the designation, aggregate principal amount, authorized denominations and ranking of such Debt Securities;
- (ii) the currency or currency units for which the Debt Securities may be purchased and the currency or currency unit in which the principal and any interest is payable (in either case, if other than Canadian dollars);
- (iii) the percentage of the principal amount at which such Debt Securities will be issued;
- (iv) the date or dates on which such Debt Securities will mature;
- (v) the rate or rates per annum at which such Debt Securities will bear interest (if any), or the method of determination of such rates (if any);

- (xi) any exchange or conversion terms;

- (xiii) any other specific terms.

Debt Securities may, at the option of iA Financial Corporation, be issued in fully registered form, in “book-entry only” form or may be uncertificated. Debt Securities in registered form will be exchangeable for other Debt Securities of the same series and tenor, registered in the same name, for a like aggregate principal amount in authorized denominations and will be transferable at any time or from time to time at the corporate trust office of the Trustee for such Debt Securities. No charge will be made to the holder for any such exchange or transfer except for any tax or government charge incidental thereto.

Debt Securities of a single series may be issued at various times with different maturity dates, may bear interest at different rates and may otherwise vary.

iA Financial Corporation will summarize in the applicable Prospectus Supplement certain terms of the Debt Securities being offered thereby and the relevant Trust Indenture which iA Financial Corporation believes will be most important to an investor’s decision to invest in the Debt Securities being offered. It is the Trust Indenture, as supplemented by any applicable supplemental indenture, and not this summary, which defines the rights of a holder of Debt Securities. There may be other provisions in the Trust Indenture which are important to a purchaser of Debt Securities. Such purchaser of Debt Securities should read the Trust Indenture for a full description of the terms of the Debt Securities.

Modifications

iA Financial Corporation may amend the warrant agreements and the Warrants, without the consent of the holders of the Warrants, to cure any ambiguity, to cure, correct or supplement any defective or inconsistent provision, or in any other manner that will not materially and adversely affect the interests of holders of outstanding Warrants. Other amendment provisions will be as indicated in the applicable Prospectus Supplement.

In connection with any offering of the Securities, the underwriters, dealers or agents may over-allot or effect transactions which stabilize or maintain the market price of the Securities offered at a higher level than that which might exist in the open market. These transactions may be commenced, interrupted or discontinued at any time.

These risks are not the only risks facing iA Financial Corporation. Additional risks and uncertainties not currently known to iA Financial Corporation, or that iA Financial Corporation currently deems immaterial, may also materially and adversely affect its business.

Jacques Martin and Nicolas Darveau-Garneau (the “**Non-Resident Directors**”) are directors of iA Financial Corporation who reside outside of Canada. The Non-Resident Directors have appointed the following agent for service of process:

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation

or is not delivered to the purchaser, provided that the remedies for rescission, revisions of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of these rights or consult with a legal adviser.

Original Canadian purchasers of Securities that are convertible, exchangeable or exercisable securities will have a contractual right of rescission against iA Financial Corporation in respect of the conversion, exchange or exercise of such Securities. The contractual right of rescission will entitle such original Canadian purchasers to receive the amount paid for such convertible, exchangeable or exercisable securities (and any additional amount paid upon conversion, exchange or exercise), upon surrender of the underlying securities gained thereby, in the event that this Prospectus (as supplemented or amended) contains a misrepresentation, provided that both the conversion, exchange or exercise occurs, and the right of rescission is exercised, within 180 days of the date of the purchase of the Securities under this Prospectus (as supplemented or amended). This contractual right of rescission will be consistent with the statutory right of rescission described under section 217 of the Securities Act (Québec), and is in addition to any other right or remedy available to original Canadian purchasers under section 217 of the Securities Act (Québec) or otherwise at law.

In an offering of convertible, exchangeable or exercisable securities, investors are cautioned that the statutory right of action for damages for a misrepresentation contained in the prospectus is limited, in certain provincial securities legislation, to the price at which the convertible, exchangeable or exercisable securities is offered to the public under the prospectus offering. This means that, under the securities legislation of certain provinces, if the purchaser pays additional amounts upon conversion, exchange or exercise of the security, those amounts may not be recoverable under the statutory right of action for damages that applies in those provinces. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province for the particulars of this right of action for damages or consult with a legal adviser.
