

Transit

A SMART REPLACEMENT FOR YOUR GROUP INSURANCE PLAN

Termination of employment can occur at any time for any number of reasons: career change, relocation, return to school, retirement, etc. But through it all, your insurance needs are always there. To help with this, iA Financial Group is offering you Transit, so you can replace your group insurance coverage, within 60 days of termination of employment, with individual insurance for you and your dependents.

Transit offers several formulas with different coverages:

- Health insurance Basic option, without Dental care
- Health insurance Basic option, with Dental care
- Health insurance Enhanced option, without Dental care
- Health insurance Enhanced option, with Dental care

Take the time to review the available options so that you can make the best decision for your situation.

WHAT DOES TRANSIT COVER?

Hospitalization

Within Canada, Transit covers your hospitalization fees for a semi-private room in the event of acute care. There is no limit on the length of stay.

Transit covers a portion of your costs for a stay in a facility licensed to provide rehabilitative or convalescent care up to a maximum per insured person per day and for a maximum duration of stay.

Drugs

Transit reimburses a portion of prescription drug costs when dispensed by a pharmacy. However, dispensing fees are not covered, nor are drugs that are on the list of drugs covered by your province of residence. In addition, coverage will be subject to a maximum amount per insured person per calendar year.

Reimbursement of your prescription drug costs is based on the cost of the least expensive generic version, if applicable, and your direct payment card allows you to be reimbursed directly at the pharmacy and only pay the amount not covered by Transit.

Medical expenses

Transit reimburses a portion of the cost of services, supplies and equipment listed below up to various maximum amounts per insured person.

— Paramedical services

- Psychologist, psychotherapist, social worker, guidance counsellor, psychoanalyst and psychiatrist
- Physiotherapist, rehabilitation therapist, massage therapist, ortho-therapist, speech therapist, audiologist, chiropractor, osteopath, podiatrist, acupuncturist, occupational therapist and naturopath

— Purchase or rental of medical appliances and supplies when prescribed by a physician.

The appliances listed below are a few examples of the eligible appliances under your policy. The complete list of eligible appliances is in your policy.

- Diabetic monitoring and administration equipment
- Medical elastic stockings and varicose vein injections
- Orthopedic shoes and foot orthoses
- Wheelchair, hospital bed, canes, crutches, therapeutic appliances such as apnea monitors, intermittent positive pressure breathing machines and aerosol equipment and orthopedic appliances

such as braces, back supports, head halters and cervical collars

- Hearing aids
- Wigs required as a result of chemotherapy
- Breast prostheses
- Artificial eyes and limbs
- Blood pressure control unit

— X-rays by a chiropractor

— Medical imaging services (other than x-rays by a chiropractor)

— Nursing care when performed at home

— Preventive immunization vaccines (enhanced option only)

— Dental care following an accidental injury to sound natural teeth

— Licensed ambulance service in case of medical emergency

Emergency medical expenses incurred outside of your province of residence

Transit covers emergency hospitalization and medical expenses incurred outside the province of residence.

No expenses will be reimbursed if the emergency was due to a medical condition that was not stable and under control when you left your province of residence.

Transit also gives you access to a medical service provider able to assist you in an emergency. They can help you to find appropriate medical care, arrange necessary medical transportation and to obtain a cash advance (maximum of \$10,000) for medical treatment in an emergency.

Vision care (enhanced option only)

Transit covers vision care without any deductible, including eye exams, glasses, contact lenses and corrective laser surgery. However, coverage is subject to a maximum amount per insured person per 24-month period.

Dental care (optional)

This option is only available to you if you are converting from a group insurance policy that includes dental coverage.

Transit reimburses a portion of preventive, basic and major treatments costs up to a maximum amount per insured person per calendar year.

— Transit covers preventive treatments, including:

- Oral exam every nine months
- Dental x-rays
- Preventative polishing and fluoride
- Tests and laboratory examinations

— Transit covers basic treatments, including:

- Restorations
- Endodontics
- Periodontics
- Rebase and reline

— Transit covers major treatments, including:

- Removable dentures
- Fixed dentures
- Crowns
- Implants

COVERAGE SUMMARY TABLE — Health insurance

What is Transit's lifetime maximum?

Transit reimburses a lifetime maximum of \$1,000,000 per insured person for all non-emergency care received in Canada.

Transit reimburses a lifetime maximum of \$5,000,000 per insured person for all emergency care received outside your province of residence.

Exclusions and limitations

The coverages provided under your policy are subject to exclusions and limitations.

These include, but are not limited to: no benefit being payable if the expenses are for services or supplies resulting from a self-inflicted injury, an injury or illness caused by civil unrest or war (declared or undeclared), for care or treatment that is not medically necessary, or costs

that would not have been incurred were it not for your insurance coverage.

A full listing of the limitations and exclusions applicable to the coverage will be included in your policy.
